Marigold Industrial® – Mechanical focus at H+S09

Hand protection experts, Marigold Industrial Ltd will be putting the spotlight firmly on its new range of gloves suitable for the mechanical sector at this year's Health + Safety 09.

Visitors to the stand will be able to see and feel the company's latest products, including the newly launched Latextough L110 – a tough new glove with high performance grip, four new additions to its ever popular Nitrotough range in the shape of the N1000 gloves and a winter version of its XRT™ range, the hi-visibility XRT Insulator™.

Marigold Industrial Ltd will also be showcasing a brand new glove – Puretough P1100 – a Formaldehyde-free water-based PU glove offering the wearer high degrees of flexibility and comfort.
